Work Experience

English tutor

2020 - 2021

MTI Makassar (English Program for Santri)

As an English Mentor for Santri, my role is to provide a meaningful and enriching learning experience for the students in mastering this international language. With full commitment, I strive to make every learning session an inspiring and motivating moment, assisting the Santri to achieve excellence in English.

During the course of this assignment, I have developed an approach to teaching that aligns with the individual needs and proficiency levels of each student. Understanding the crucial role of English as a global communication tool, I focus on honing all four language skills: listening, speaking, reading, and writing.

Mentoring Extra Lesson English

2021 - 2022

Bimbel bayar seikhlasnya

As an English instructor for a period of 6 months, I have provided an engaging and effective learning experience for the students. During this time, I have been dedicated to enhancing their English language skills with innovative and targeted approaches.

Throughout this period, I have successfully guided students of various proficiency levels, ranging from beginners to advanced learners. Through specially designed curricula, I ensure that each class delivers relevant and appropriate materials according to the students' needs and comprehension levels.

Tutor Roblox

2023 - now

At Koodland Education

As a Roblox Mentor at Koodland, my role is to inspire and guide young developers in the gaming world, with a special focus on the Roblox platform. I actively collaborate with the students to strengthen their understanding of coding, game design, and creative concepts related to game development.

Education

Fullstack Web Developer

2021 - 2022

Data Bangalore Surabaya

I have completed a 6-month Bootcamp at Data Bangalore Surabaya, mastering data science and analytics, as well as the MERN (MongoDB, Express.js, React, Node.js) stack. In addition to collaborating on real projects, I am ready to make a positive contribution to the rapidly growing industry.

Tekhnologi Informasi

2021 - now

STMIK PPKIA Pradnya Paramita

As an IT student at Stimata Malang campus, I am actively pursuing knowledge and expertise in various aspects of information technology. Throughout my studies, I have learned and mastered several programming languages such as Java, Python, and JavaScript, as well as delved into topics like web development and database management. Additionally, I have also explored and worked with several frameworks to enhance my skills in IT.
